

## IV-E660 Determination Of Young's Modulus 'Y' Of A Bar By Bending

### Scope of Learning:

- Determination of Young's Modulus 'Y' of a bar by bending.

### Required Accessories:

- Bending of beam apparatus
- Slotted weight, Cast Iron, set of 5, with hanger, 500g each
- Vernier Calliper
- Spherometer
- Set of G Clamp

### Optional Accessories:

- Travelling Microscope
