

Ice Flaker IF50D

- RED LED Display.
- Fully Automatic microprocessor control.
- Stainless Steel construction.
- Continuous Ice Flakes Output.
- CFC free compressor.
- Low water level Indication.
- Overload protection.
- Noiseless operation.
- Front & Back Ventilated Design.

SPECIFICATIONS

HSN : 84186990

MODEL	IF50D
Capacity of Ice flake (kg per 24 hrs.)	50 kg
Storage Capacity (kg ~ app.)	15 kg
Display	RED LED
Storage bin	ABS Plastic Bin
Ambient temperature	Below 25 °C for optimum working
Construction	Stainless Steel
Noise level	≤52 dB
Water Supply	3 / 4 inch BSP
Cooling Method & Refrigerant	Air & Refrigerant R290A
Power supply	AC 220V / 50Hz
Input Power	280W
Packing Dimension LxWxH	380X543X72mm
Gross Weight	45 kg
